

CITY OF ASTORIA

Founded 1811 • Incorporated 1856

May 8, 2019

The City of Astoria wishes to take action to counter the environmental damage caused by pollution from plastics, particularly the micro-plastics that are spreading in the environment and advancing through the food chain. Therefore, the Astoria City Council unanimously supports and urges passage of:

- a) HB 2509, restricting single use plastic bags;
- b) HB 2883, restricting polystyrene containers; and
- c) SB 90, restricting plastic straws.

Sincerely,

THE CITY OF ASTORIA

Bruce Jones
Mayor
