**ISSUES DISCUSSED:**

**EFFECT OF AMENDMENT:**

No amendment.

**BACKGROUND:**

The Oregon tax exemption available to out-of-state emergency service providers operating in Oregon solely for the purposes of performing disaster or emergency related work on critical infrastructures was created in 2015. The tax exemption exempts individuals and businesses from Oregon corporate or personal income tax liability in specified circumstances. The tax exemption is rarely used but could be of importance if Oregon were to suffer a catastrophic disaster. The exemption originated from discussions and model legislation prepared in 2011 by the National Conference of State Legislatures (NCSL).

ORS 315.037(3) requires any tax expenditure enacted by the Legislative Assembly that does not specifically include an applicable sunset date to apply for a maximum of six tax years beginning with the initial tax year for which the tax expenditure is applicable.
