I have lived in Clackamas for 30 years and this is the first letter I've written to the legislature.

I wanted to express my support for house bill 3099A. Sometimes, there are opportunities to easily fix unfair laws, and this is one of those situations. When a city chooses to join a county service district, there is a well-thought-out process to follow. However, when a city chooses to leave, there is no way for this to occur. The bill corrects this oversight by providing a path for cities. It is a reasonable solution which does not burden a district. In fact, the bill even lays out that both entities have to agree on how to distribute assets in the rare occurrence of a city withdrawal.

I would urge you to support House Bill 3099A.

Sincerely,
