Oregon - NPV

We are for the NPV

We are for the NPV
We want to change that thing: EC

We are for the NPV
We are for it sea to sea

It's the right thing, don't you see?
It's right for our democracy!

We do not like the lack of knowledge
On how we got the Electoral College

It's not a system that brings great raves
Remember how it used the slaves?

The EC's flawed – and needs a sequel
With NPV – ALL VOTES ARE EQUAL

Would you, could you, fail to act?
Would you deny us this Compact?

You may like it, you will see...
When your own vote counts equally

Then, we will have a president
And there will be no argument

Of did he win, or did he lose
We don't know – if we can't choose

We are for the NPV
We are for it – sea to sea

We would like it , oh and how!
And we would like your vote, right now.
