

Dear Chair Burdick and Committee,

My name is Keith Berdogin, I need you to appose SB761.

My parents are proud citizens of the USA but this will impact them because they are not tech savy. I know of many families with the same issue that this will affect.

Please Oppose SB761 and help our elders who did not grow up with a computer in their hand.

Thank you,

Keith Berdogin
