Joseph,

As I was driving home this evening, I realized I need to provide a point of clarification for my letter. DUI's do not receive SOC offers in almost all jurisdictions in Washington. We have a separate Deferred Prosecution statute that governs DUI's. Theoretically you could offer an SOC to a DUI defendant, but we do not do that in Spokane. I would not support HB 3201 in relation to DUI charges. I was rushing to finish the letter and I failed to include that clarification. I'm sorry about that.

Justin
