Subject: SB 643 – Relating to fuel storage facility compatibility grant program

Senate Bill 643 removes a statutory cap on the total amount of money that can be disbursed through the Fuel Storage Facility Compatibility Grant program administered by the Office of Emergency Management in the Oregon Military Department. The Fuel Storage Facility Compatibility Grant program was established by SB 1523 (2016) to provide grants to cardlock facilities to install generator connectors to their fuel storage tanks, to provide access to fuel in emergencies.

The -1 amendment increases the maximum amount for grant awards from \$4,000 to \$10,000; and clarifies that funds provided for the program by the Emergency Board at its September 26, 2018 meeting shall be deposited into the Fuel Storage Facility Compatibility Fund. Expenditure limitation for this program is included in the Oregon Military Department's budget bill, HB 5031.
