Subject: HB 2020
Date: Tuesday, June 4, 2019 8:11:03 PM

On June 3rd, 2019, the Corvallis City Council voted unanimously to support the passage of HB 2020. This legislation is supported by our city documents:

- * Corvallis's Vision Statement: Corvallis is a safe, sustainable, resilient, small city... that protects its natural environment, addresses a changing climate, and prepares for emergencies with special attention paid to its most vulnerable populations.
- * Corvallis Climate Action Plan: Carbon Pricing promotes policies at the local, state and federal level that implement carbon-based fees or taxes.
- * City Council Resolution 2015-15 endorsed carbon pricing.

We know that addressing climate change is critical for the future of our state and our community. HB 2020 will lead us on a path to creating a strong clean energy economy by putting a price on major greenhouse gas emissions sources, while funding clean energy innovation in communities and industries across the state.

Please work quickly and efficiently to move this legislation forward during this session. We cannot afford to wait any longer.

Sincerely,

Charlyn Ellis

Ward Five City Councilor

Chair of The Climate Action Advisory Board

Member of the Council Legislative Committee
