

Hi. My name is Hudson. I am going into 3rd grade at Hallinan Elementary School. I struggle with reading and writing. I have dyslexia. I have a tutor every day and in the summer and will continue to use her until I can read and write like my classmates. Maybe even better. I love my teacher, but if she understood dyslexia and how my brain learned I wouldn't be so tired at the end of the day. If my special ed teachers knew how to teach me like my tutor I would learn a lot faster. Thank you for having me!
