Subject: HB 2206 – Relating to emergency management
Work Session Recommendations

House bill 2206 directs the State Fire Marshal to develop and administer a statewide program to evaluate the condition of buildings after an emergency and determine whether the buildings may be safely occupied. The State Fire Marshal is directed to consult with the Department of Consumer and Business Services (DCBS) in developing this program.

Recommended Changes

The A6 amendments to HB 2206 remove all provisions of the A engrossed version of the bill other than the definition of emergency in section 1 and replaces them with the requirement that the State Resilience Officer study the standards and procedures for determining whether buildings may be safely occupied after an emergency. The amendment also includes a General Fund appropriation of \$300,000 for costs associated with the completion of the study.

LFO recommends adoption of the -A6 amendment.

MOTION: I move adoption of the -A6 amendment to HB 2206. (VOTE)

LFO recommends that HB 2206, as amended by the -A6 amendment, to be moved to the Ways and Means Full Committee.
