Warning: Vaping teens becoming a new generation of nicotine addicts

E-cigarettes might help adults quit smoking, but don't ignore that 'juuling' is going viral in high schools: Our view

THE EDITORIAL BOARD | USA TODAY
Updated 4:46 p.m. PDT Apr. 8, 2018

The jury is still out on whether e-cigarettes will be a savior to smokers who want to quit, the gateway to addiction for a new generation, or both. But teenagers are not waiting for

Teen Vaping Has Created Addicts With Few Treatment Options

Concentrated doses of nicotine prompt higher rates of addiction than cigarettes. With few treatment options for teens, the FDA plans public hearings.
