

Hello: As a resident of Damascus, Oregon, I am asking for your support with Senate Bill 723. Indiscriminate coyote killing practice is appalling and wasteful. This sort of gaming is no sport. This practice is more about winning as opposed to responsible hunting. I'm sure you have heard the many pros and cons of the issue and only hope you can see how the cons outweigh. Thank you very much for your consideration.

Sincerely,

Marilyn Coomber
