Subject: Bring HB 2001 to a Vote
Date: Tuesday, June 11, 2019 2:19:00 PM

Dear Joint Committee on Ways and Means,

This HB 2001 deserves to come to a vote. Oregon is experiencing a housing shortage and the best way to increase supply is to allow for existing zoning to become more flexible and to encourage individual land owners to produce more units.

Please to not allow opponents of this bill to drown out of the voice of those who cannot find adequate and affordable housing in our state.

Sincerely,
Erik Bagwell
