From: Megan McMillan
Re: Support of HB 3031

Dear Chair and Members of the Committee,

My name is Megan McMillan and I live in Portland.

I am one of the lucky ones in that my employer provides paid family leave. Without it, I wouldn't have been able to bond with my son and give us a good start as a family, or care for my mother when she was diagnosed with lung cancer. It's not right that I am able to care for my family without going into major debt, while 85% of my neighbors cannot. That's why I am fighting for my neighbors by supporting the FAMILI Equity Act.

Sincerely,

Megan McMillan
