

Hello,

My name is [REDACTED], and I live at [REDACTED]. I am writing to say that I oppose the language in House Bill 2959 that would criminalize the public elimination of waste. Many folks do not have access to toilets and going to the bathroom is a basic human behavior. It's wrong to criminalize it and make it a Class C Misdemeanor. In the strongest possible terms, I ask you to oppose it. Do not put people in jail or fine them for going to the bathroom, just and you and I do.

Thank you,

[REDACTED]
