### SUMMARY

Requires that municipal building official be employed by municipality or council of governments or under intergovernmental agreement. Makes municipal building official responsible for ensuring adequate administration and enforcement of municipal building inspection program activities.

Requires that municipality with building inspection program arrange for individual holding highest level of certification for structural specialty code inspection to provide supervision and active involvement in program aspects that involve inspections for routine enforcement of building code specialty codes. Requires that individual be building official or be employed by municipality or council of governments or under intergovernmental agreement.

Requires that municipal inspector be employed by municipality, or under intergovernmental agreement or by council of governments or perform inspections under actual or apparent authority as agent on behalf of municipality. Requires that municipal inspector acting as agent for municipality establish resources and methods for inspection, subject to approval by individual providing supervision over program inspections and enforcement.

Revises terminology regarding building officials and building inspectors who qualify for certification. Provides that specialized building inspector may be trained and certified in parts of more than one specialty code.

Prohibits municipality from accepting municipal building official or municipal inspector services from person who does not have valid certification.

Makes requirements regarding employment of municipal building official and individual to supervise inspection and enforcement of program operative July 1, 2021.

Declares emergency, effective on passage.
