

Open Government Impact Statement

80th Oregon Legislative Assembly
2019 Regular Session

Measure: HB 2821

Only impacts on Original or Engrossed
Versions are Considered Official

Prepared by: Cameron D. Miles
Date: 1/29/2019

SUMMARY

Requires Director of Department of Consumer and Business Services to make structural specialty code requirements for seismic force resistance applicable retroactively to existing unreinforced masonry structures two or more stories above grade. Requires program for Department of Consumer and Business Services enforcement of standards in areas not served by municipal building inspection program.

Requires municipality administering and enforcing building inspection programs to establish seismic rehabilitation program for unreinforced masonry structures two or more stories above grade. Provides for department or municipality to offer seismic rehabilitation agreement to property owner unless seismic rehabilitation is technically infeasible. Provides for treating structure as not conforming to structural specialty code if property owner declines agreement.
