Analysis:

The bill removes the sunset date, currently set at December 31, 2019; on the collection of fees which support the Oregon Department of Fish and Wildlife (ODFW) Restoration and Enhancement (R & E) Program. The legislation also extends the ability for ODFW to provide endorsement access to youth and pioneer license holders until December 31, 2023; instead of December 31, 2021.

Revenues for the R&E Program support two full-time positions which include a Natural Resource Specialist 3, and an Administrative Specialist 2. Revenues and expenditures for the Restoration and Enhancement (R & E) Program are assumed in the ODFW 2019-21 budget (SB 5510). No budgetary adjustments are necessary unless this legislation isn't ratified. The Legislative Fiscal Office notes that while expenditures exceed projected revenues in the 2021-23 biennium, the fund has a substantial ending balance that will need to be spent down.
