**WHAT THE MEASURE DOES:**

Allows dog training classes or testing trials to be conducted outdoors or in farm buildings in existence on or before January 1, 2019, rather than January 1, 2013, for the purposes of permitted uses on lands zoned for exclusive farm use.

**ISSUES DISCUSSED:**

- Dog training facilities in Washington and Lane Counties
- Indoor versus outdoor dog training
- Date of farm building existence

**EFFECT OF AMENDMENT:**

Replaces the measure.

**BACKGROUND:**

Oregon's Statewide Land Use Planning Goal 3, 'Agricultural Lands,' requires all agricultural lands to be inventoried and preserved by adopting exclusive farm use (EFU) zones. Farm uses allowed on EFU-zoned lands include: raising, harvesting, and selling crops; feeding, breeding, managing, and selling certain animals; and preparing, storing, and disposing of products and by-products raised on these lands. Certain nonfarm uses are also allowed on EFU-zoned lands.

House Bill 2106 A would allow dog training classes or testing trials to be conducted outdoors or in farm buildings in existence on or before January 1, 2019, rather than January 1, 2013, for the purposes of permitted uses on EFU-zoned lands.
