BACKGROUND:

Senate Bill 57-A makes adjustments and technical changes to statutes related to the Driver and Motor Vehicle Services Division (DMV) of the Oregon Department of Transportation (ODOT). These changes are related to the following topics: providing notice by means other than mailed materials for compliance with motor vehicle insurance, card expiration, implied consent hearings, suspension of driving privileges, and cancellation notices; noting change of address on driver licenses and identification cards; titles for vehicles with a title in junk status; and authority to seek out-of-state records for applicants.
