Summary of Revenue Changes

Senate Bill 669 appropriates \$399,587 General Fund to the Oregon Health Authority (OHA) to establish training requirements for individuals who provide in-home care services and to conduct increased on-site inspections of licensed in-home care agencies. The bill also appropriates \$125,000 General Fund and increases Federal Funds expenditure limitation by \$125,000 to the Department of Human Services (DHS) to develop recommendations to assess and monitor home care services. In total, Senate Bill 669 appropriates \$524,587 General Fund between the two agencies for the 2019-21 biennium.

Summary of Capital Construction Subcommittee Action

Senate Bill 669 directs the Oregon Health Authority to establish by rule training requirements that must be met before an individual may provide in-home care services. The training standards must require a minimum number of hours of orientation and assessment of competency before a home care worker or personal support worker is permitted to provide home care services to a client. The minimum number of hours may be greater for home care workers who will be providing enhanced care and services, such as medication management. The bill also changes

the time between on-site inspections conducted by OHA of licensed in-home care agencies from three years to two years and authorizes OHA to impose a civil penalty and deny, suspend, or revoke the license of any in-home care agency for failure to comply with training requirements and employment or wage laws.

The bill requires DHS to develop recommendations for methods to assess and monitor home care services provided by home care workers. The recommendations may include electronic monitoring and on-site assessment and monitoring of home care workers providing care in their clients' homes. DHS must report its recommendation to the Legislature by February 1, 2021.

Oregon Health Authority

Senate Bill 669 appropriates \$399,587 General Fund to the Oregon Health Authority and establishes four positions (1.64 FTE) for the 2019-21 biennium. The funding supports one Operations and Policy Analyst 3, two Client Care Surveyors, and one Administrative Specialist 1 to support the need of increased on-site inspections of licensed in-home care agencies, as well as increased costs for Department of Justice consultation and representation related to additional enforcement issues.

Department of Human Services

Senate Bill 669 appropriates \$125,000 General Fund and increases Federal Funds expenditure limitation by \$125,000 to the Department of Human Services to cover costs of contracting with an external vendor to develop recommendations for methods to assess and monitor home care services, which may include electronic monitoring and on-site assessments, as required by the bill.
