"(10) ‘Prescription drug’ has the meaning given that term in ORS 689.005.

**SECTION 16.** ORS 431A.855, as amended by section 8, chapter 45, Oregon Laws 2018, is amended to read:

"431A.855. (1)(a) The Oregon Health Authority, in consultation with the Prescription Monitoring Program Advisory Commission, shall establish and maintain a prescription monitoring program for monitoring and reporting:

“(A) Prescription drugs dispensed by pharmacies licensed by the State Board of Pharmacy that are classified in schedules II through IV under the federal Controlled Substances Act, 21 U.S.C. 811 and 812, as modified by the board by rule under ORS 475.035; and

“(B) Prescribed gabapentin and naloxone dispensed by pharmacies.

“(b)(A) To fulfill the requirements of this subsection, the authority shall establish, maintain and
operate an electronic system to monitor and report drugs described in paragraph (a) of this sub-
section that are dispensed by prescription.

“(B) The electronic system must:

“(i) Operate and be accessible by practitioners and pharmacies 24 hours a day, seven days a
week; and

“(ii) Allow practitioners to register as required under section 7, chapter 45, Oregon Laws 2018,
and to apply for access to the electronic system in accordance with rules adopted by the authority
under subsection (2) of this section.

“(C) The authority may contract with a state agency or private entity to ensure the effective
operation of the electronic system.

“(2) In consultation with the commission, the authority shall adopt rules for the operation of the
electronic prescription monitoring program established under subsection (1) of this section, including
standards for:

“(a) Reporting data;

“(b) Providing maintenance, security and disclosure of data;

“(c) Ensuring accuracy and completeness of data;

“(d) Complying with the federal Health Insurance Portability and Accountability Act of 1996
(P.L. 104-191) and regulations adopted under that law, including 45 C.F.R. parts 160 and 164, federal
alcohol and drug treatment confidentiality laws and regulations adopted under those laws, including
42 C.F.R. part 2, and state health and mental health confidentiality laws, including ORS 179.505,
192.517 and 192.553 to 192.581;

“(e) Ensuring accurate identification of persons or entities requesting information from the da-
tabase;

“(f) Accepting printed or nonelectronic reports from pharmacies that do not have the capability
to provide electronic reports;

“(g) Notifying a patient, before or when a drug classified in schedules II through IV is dispensed
to the patient, about the prescription monitoring program and the entry of the prescription in the
electronic system; and

“(h) Registering practitioners with the electronic system.

“(3) The authority shall submit an annual report to the commission regarding the prescription
monitoring program established under this section.

“SECTION 17. ORS 431A.860 is amended to read:

“431A.860. (1) Not later than 72 hours after dispensing a prescription drug that is subject to the
prescription monitoring program established under ORS 431A.855, a pharmacy shall electronically
report to the Oregon Health Authority:

“(a) If the prescription drug is classified in schedules II through IV under the federal Controlled
Substances Act, 21 U.S.C. 811 and 812, as modified by the State Board of Pharmacy by rule under
ORS 475.035, the name, address, phone number, date of birth and sex of the patient for whom the
prescription drug was prescribed;

“(b) The identity of the pharmacy that dispensed the prescription drug and the date on which
the prescription drug was dispensed;

“(c) The identity of the practitioner who prescribed the prescription drug and the date on which
the prescription drug was prescribed;

“(d) The national drug code number for the prescription drug;

“(e) The prescription number assigned to the prescription drug;
“(f) The quantity of the prescription drug dispensed;

“(g) The number of days for which the prescription drug was dispensed; [and]

“(h) The number of refills of the prescription authorized by the practitioner and the number of
the refill that the pharmacy dispensed; and

“(i) The diagnosis code used by the practitioner and the reason for the prescription.

“(2)(a) Notwithstanding subsection (1) of this section, the authority may not:

“(A) Require the reporting of prescription drugs administered directly to a patient or dispensed
pursuant to ORS 127.800 to 127.897;

“(B) Collect or use Social Security numbers in the prescription monitoring program; or

“(C) Disclose under ORS 431A.865 (2)(a) the sex of the patient for whom a drug was prescribed.

“(b) The sex of the patient for whom a drug was prescribed may be disclosed only for the pur-
pose of research or epidemiological study under ORS 431A.865 (2)(b).

“(3) Upon receipt of the data reported pursuant to subsection (1) of this section, the authority
shall record the data in the electronic system established under ORS 431A.855.

“(4)(a) The authority may, for good cause as determined by the authority, grant a pharmacy a
waiver of the requirement that the information to be reported under subsection (1) of this section
be submitted electronically. The waiver must state the format, method and frequency of the alter-
nate nonelectronic submissions from the pharmacy and the duration of the waiver.

“(b) As used in this subsection, ‘good cause’ includes financial hardship.

“(5) This section does not apply to pharmacies in institutions as defined in ORS 179.010.

SECTION 18. ORS 431A.865 is amended to read:

“431A.865. (1)(a) Except as provided under subsection (2) of this section, prescription  
monitoring information submitted under ORS 431A.860 to the prescription monitoring program established in
ORS 431A.855:

“(A) Is protected health information under ORS 192.553 to 192.581.

“(B) Is confidential and not subject to disclosure under ORS 192.311 to 192.478.

“(b) Except as provided under subsection (2)(a)(H) of this section, prescription monitoring infor-
mation submitted under ORS 431A.860 to the prescription monitoring program may not be used to
evaluate a practitioner’s professional practice.

“(2)(a) To the extent that the law or regulation is applicable to the prescription monitoring
program, if a disclosure of prescription monitoring information, other than the sex of a patient for
whom a drug was prescribed, complies with the federal Health Insurance Portability and Account-
ability Act of 1996 (P.L. 104-191) and regulations adopted under that law, including 45 C.F.R. parts
160 and 164, federal alcohol and drug treatment confidentiality laws and regulations, including 42
C.F.R. part 2, and state health and mental health confidentiality laws, including ORS 179.505, 192.517
and 192.553 to 192.581, the Oregon Health Authority shall disclose the information:

“(A) To a practitioner or pharmacist, or, if a practitioner or pharmacist authorizes the authority
to disclose the information to a member of the practitioner’s or pharmacist’s staff, to a member of
the practitioner’s or pharmacist’s staff. If a practitioner or pharmacist authorizes disclosing the in-
formation to a member of the practitioner’s or pharmacist’s staff under this subparagraph, the
practitioner or pharmacist remains responsible for the use or misuse of the information by the staff
member. To receive information under this subparagraph, or to authorize the receipt of information
by a staff member under this subparagraph, a practitioner or pharmacist must certify that the re-
quested information is for the purpose of evaluating the need for or providing medical or pharma-
ceutical treatment for a patient to whom the practitioner or pharmacist anticipates providing, is
providing or has provided care.

“(B) To a dental director, medical director or pharmacy director, or, if a dental director, medical director or pharmacy director authorizes the authority to disclose the information to a member of the dental directors', medical director's or pharmacy director's staff, to a member of the dental directors', medical director's or pharmacy director's staff. If a dental director, medical director or pharmacy director authorizes disclosing the information to a member of the dental directors', medical director's or pharmacy director's staff under this subparagraph, the dental director, medical director or pharmacy director remains responsible for the use or misuse of the information by the staff member. To receive information under this subparagraph, or to authorize the receipt of information by a staff member under this subparagraph,[;]

“(i) A dental director must certify that the requested information is for the purposes of overseeing the operations of a coordinated care organization, dental clinic or office, or a system of dental clinics or offices, and ensuring the delivery of quality dental care within the coordinated care organization, clinic, office or system.

“(ii) A medical director must certify that the requested information is for the purposes of overseeing the operations of a coordinated care organization, hospital, health care clinic or system of hospitals or health care clinics and ensuring the delivery of quality health care within the coordinated care organization, hospital, clinic or system. [To receive information under this subparagraph, or to authorize the receipt of information by a staff member under this subparagraph,]

“(iii) A pharmacy director must certify that the requested information is for the purposes of overseeing the operations of a coordinated care organization, pharmacy or system of pharmacies and ensuring the delivery of quality pharmaceutical care within the coordinated care organization, pharmacy or system.

“(C) In accordance with subparagraphs (A) and (B) of this paragraph, to an individual described in subparagraphs (A) and (B) of this paragraph through a health information technology system that is used by the individual to access information about patients if:

“(i) The individual is authorized to access the information in the health information technology system;

“(ii) The information is not permanently retained in the health information technology system, except for purposes of conducting audits and maintaining patient records; and

“(iii) The health information technology system meets any privacy and security requirements and other criteria, including criteria required by the federal Health Insurance Portability and Accountability Act, established by the authority by rule.

“(D) To a practitioner in a form that catalogs all prescription drugs prescribed by the practitioner according to the number assigned to the practitioner by the Drug Enforcement Administration of the United States Department of Justice.

“(E) To the Chief Medical Examiner or designee of the Chief Medical Examiner, for the purpose of conducting a medicolegal investigation or autopsy.

“(F) To designated representatives of the authority or any vendor or contractor with whom the authority has contracted to establish or maintain the electronic system established under ORS 431A.855.

“(G) Pursuant to a valid court order based on probable cause and issued at the request of a federal, state or local law enforcement agency engaged in an authorized drug-related investigation involving a person to whom the requested information pertains.

“(H) To a health professional regulatory board that certifies in writing that the requested in-
information is necessary for an investigation related to licensure, license renewal or disciplinary
action involving the applicant, licensee or registrant to whom the requested information pertains.

“(I) Pursuant to an agreement entered into under ORS 431A.869.

“(b) The authority may disclose information from the prescription monitoring program that does
not identify a patient, practitioner or drug outlet:

“(A) For educational, research or public health purposes;

“(B) For the purpose of educating practitioners about the prescribing of opioids and other con-
trolled substances;

“(C) To a health professional regulatory board;

“(D) To a local public health authority, as defined in ORS 431.003; or

“(E) To officials of the authority who are conducting special epidemiologic morbidity and mor-
tality studies in accordance with ORS 413.196 and rules adopted under ORS 431.001 to 431.550 and
431.990.

“(c) The authority shall disclose information relating to a patient maintained in the electronic
system established under ORS 431A.855 to that patient at no cost to the patient within 10 business
days after the authority receives a request from the patient for the information.

“(d)(A) A patient may request the authority to correct any information related to the patient
that is maintained in the electronic system established under ORS 431A.855 that is erroneous. The
authority shall grant or deny a request to correct information within 10 business days after the
authority receives the request. If a request to correct information cannot be granted because the
error occurred at the pharmacy where the information was inputted, the authority shall inform the
patient that the information cannot be corrected because the error occurred at the pharmacy.

“(B) If the authority denies a patient’s request to correct information under this paragraph, or
fails to grant a patient’s request to correct information under this paragraph within 10 business days
after the authority receives the request, the patient may appeal the denial or failure to grant the
request. Upon receiving notice of an appeal under this subparagraph, the authority shall conduct
a contested case hearing as provided in ORS chapter 183. Notwithstanding ORS 183.450, the au-
thority has the burden in the contested case hearing of establishing that the information is correct.

“(e) The information in the prescription monitoring program may not be used for any commercial
purpose.

“(f) In accordance with ORS 192.553 to 192.581 and federal laws and regulations related to pri-

vacy, any person authorized to prescribe or dispense a prescription drug who is entitled to access
a patient’s prescription monitoring information may discuss the information with or release the in-
formation to other health care providers involved with the patient’s care for the purpose of provid-
ing safe and appropriate care coordination.

“(3)(a) The authority shall maintain records of the information disclosed through the pre-
scription monitoring program including:

“(A) The identity of each person who requests or receives information from the program and any
organization the person represents;

“(B) The information released to each person or organization; and

“(C) The date and time the information was requested and the date and time the information
was provided.

“(b) Records maintained as required by this subsection may be reviewed by the Prescription
Monitoring Program Advisory Commission.

“(4) Information in the prescription monitoring program that identifies an individual patient
must be removed no later than three years from the date the information is entered into the pro-
gram.

“(5) The authority shall notify the Attorney General and each individual affected by an improper
disclosure of information from the prescription monitoring program of the disclosure.

“(6)(a) If the authority or a person or entity required to report or authorized to receive or re-
lease prescription information under this section violates this section or ORS 431A.860 or 431A.870,
a person injured by the violation may bring a civil action against the authority, person or entity
and may recover damages in the amount of $1,000 or actual damages, whichever is greater.

“(b) Notwithstanding paragraph (a) of this subsection, the authority and a person or entity re-
quired to report or authorized to receive or release prescription information under this section are
immune from civil liability for violations of this section or ORS 431A.860 or 431A.870 unless the
authority, person or entity acts with malice, criminal intent, gross negligence, recklessness or willful
intent.

“(7) Nothing in ORS 431A.855 to 431A.900 requires a practitioner or pharmacist who prescribes
or dispenses a prescription drug to obtain information about a patient from the prescription moni-
toring program. A practitioner or pharmacist who prescribes or dispenses a prescription drug may
not be held liable for damages in any civil action on the basis that the practitioner or pharmacist
did or did not request or obtain information from the prescription monitoring program.

“(8) The authority shall, at regular intervals, ensure compliance of a health information tech-
nology system described in subsection (2) of this section with the privacy and security requirements
and other criteria established by the authority under subsection (2) of this section.

"SECTION 19. ORS 431A.867 is amended to read:

"431A.867. (1) The Oregon Health Authority may require a person requesting prescription mon-
titoring program information under ORS 431A.865 (2)(b) to enter into a data use agreement under
which the person:

“(a) Describes the proposed use for the information;
“(b) Agrees to any terms and conditions imposed on transferring the information;
“(c) Agrees to any limitations imposed on using the information;
“(d) Agrees to any terms and conditions imposed on keeping the information; and
“(e) Agrees to destroy the information after completing the proposed use for the information.
“(2) In determining whether to enter into an agreement under this section, the authority shall:

“(a) [Evaluate the merits of the request for information] Ensure that the agreement will benefit
the health and safety of Oregonians;
“(b) Determine whether the person making the request has the technical competence needed to
meet any terms, conditions or limitations imposed under subsection (1) of this section and the ability
to complete the proposed use for the information;
“(c) If the proposed use for the information involves research, ensure that the proposed use has
been approved by any involved institutional review board; and
“(d) Consider any other factor that the authority determines is relevant.
“(3) Using the factors described in subsection (2) of this section, the authority shall evaluate any
agreement entered into under this section at least once per year for the purpose of determining
whether to renew the agreement.

"SECTION 20. ORS 431A.898 is amended to read:

"431A.898. (1) Not less than once per year, the Oregon Health Authority, in consultation with
the Prescription Monitoring Program Advisory Commission created under ORS 431A.890 and the
Prescription Monitoring Program Prescribing Practices Review Subcommittee established under ORS 431A.896, shall develop, through the use of prescription monitoring information, criteria by which a practitioner may be required to receive education or training on the prescribing of opioids or opiates.

“(2) Criteria developed under subsection (1) of this section must include:

“(a) Prescribing a high volume of opioids or opiates classified in schedules II and III;

“(b) Prescribing an above-average amount of doses of opioids or opiates classified in schedules II and III to a high number of patients; and

“(c) Simultaneously prescribing opioids or opiates classified in schedules II and III with other drugs classified in schedules II and III.

“(3) In developing the criteria developed under subsection (1) of this section, the authority must take into consideration the total quantity and volume of opioids and opiates classified in schedules II and III prescribed by each practitioner.

“(4) The subcommittee may review, through the use of prescription monitoring information that does not identify a patient, a practitioner’s prescribing history for the three years immediately preceding the date of the review to determine whether a practitioner meets the criteria developed under subsection (1) of this section.

“(5) After performing the review described in subsection (4) of this section, the subcommittee may direct the authority to provide to a practitioner who meets the criteria developed under subsection (1) of this section educational information about prescribing opioids and opiates, as determined appropriate by the authority.

“(6)(a) For the purposes of evaluating prescriptions made by practitioners of opioids and opiates and other controlled substances, the subcommittee may direct the authority to compare the prescriptions described in this paragraph between similarly situated practitioners and to provide the comparative information to practitioners who meet criteria established by the subcommittee.

“(b) The subcommittee may adopt rules to carry out this subsection, including rules to establish criteria to determine to which practitioners to provide the information described in this subsection.

“(7) Prescription monitoring information used for purposes of this section and the data created through the use of prescription monitoring information pursuant to this section:

“(a) Are confidential and not subject to public disclosure under ORS 192.311 to 192.478; and

“(b) Are not admissible as evidence in a civil or criminal proceeding.

“(2) The Department of Corrections and the Oregon Health Authority may take any action before the operative date specified in subsection (1) of this section that is necessary to enable the department and the authority to exercise, on and after the operative date specified in subsection (1) of this section, all of the duties, functions and powers conferred on the department and the authority by sections 1 to 14 of this 2019 Act and the amendments to ORS 431A.850, 431A.855, 431A.860, 431A.865, 431A.867 and 431A.898 by sections 15 to 20 of this 2019 Act.”.
