and criminal identification information obtained from such analysis. Procedures for blood and buccal
analyses may include all techniques which the department determines are accurate and reliable in
establishing identity, including but not limited to, analysis of DNA (deoxyribonucleic acid), antigen

(L) Conspiracy or attempt to commit any felony listed in subparagraphs (A) to (J) of this para-

(b) After analyzing samples from persons described in paragraph (a) of this subsection, the de-
partment shall analyze samples from persons convicted of a felony under ORS 475.752, 475.806 to
475.894, 475.904, 475.906 or 475.914.

(c) After analyzing samples from persons described in paragraphs (a) and (b) of this subsection,
the department shall analyze samples from persons convicted of any other felony.

(3) Notwithstanding subsection (2) of this section, the department may analyze a sample from a
lower priority before all samples in higher priorities are analyzed if required in a particular case
for law enforcement purposes.

(4) The department may not transfer or disclose any sample, physical evidence or criminal
identification information obtained, stored or maintained under authority of this section, ORS
137.076, 161.325 or 419C.473 (1) except:

(a) To a law enforcement agency as defined in ORS 181A.010, a district attorney or the Criminal
Justice Division of the Department of Justice for the purpose of establishing the identity of a person
in the course of a criminal investigation or proceeding;

(b) To a party in a criminal prosecution or juvenile proceeding pursuant to ORS 419C.005 if
discovery or disclosure is required by a separate statutory or constitutional provision; or

(c) To a court or grand jury in response to a lawful subpoena or court order when the evidence
is not otherwise privileged and is necessary for criminal justice purposes.

(5) The department may not transfer or disclose any sample, physical evidence or criminal identification information under subsection (4) of this section unless the public agency or person receiving the sample, physical evidence or criminal identification information agrees to destroy the sample, physical evidence or criminal identification information if notified by the department that a court has reversed the conviction, judgment or order that created the obligation to provide the blood or buccal sample.

(6) Any public agency that receives a sample, physical evidence or criminal identification information under authority of subsection (4) of this section may not disclose it except as provided in subsection (4) of this section.

(7) Notwithstanding subsections (4) and (6) of this section, any person who is the subject of a record within a criminal identification database maintained under the authority of this section may, upon request, inspect that information at a time and location designated by the department. The department may deny inspection if it determines that there is a reasonable likelihood that such inspection would prejudice a pending criminal investigation. In any case, the department is not required to allow the person or anyone acting on the person’s behalf to test any blood or buccal sample or other physical evidence. The department shall adopt procedures governing the inspection of records and samples and challenges to the accuracy of records. The procedures shall accommodate the need to preserve the materials from contamination and destruction.

(8)(a) Whenever a court reverses the conviction, judgment or order that created an obligation to provide a blood or buccal sample under ORS 137.076 (2), 161.325 or 419C.473 (1), the person who provided the sample may request destruction of the sample and any criminal identification record created in connection with that sample.

(b) Upon receipt of a written request for destruction pursuant to this section and a certified copy of the court order reversing the conviction, judgment or order, the department shall destroy any sample received from the person, any physical evidence obtained from that sample and any criminal identification records pertaining to the person, unless the department determines that the person has otherwise become obligated to submit a blood or buccal sample as a result of a separate conviction, juvenile adjudication or finding of guilty except for insanity for an offense listed in ORS 137.076 (1). When the department destroys a sample, physical evidence or criminal identification record under this paragraph, the department shall notify any public agency or person to whom the sample, physical evidence or criminal identification information was transferred or disclosed under subsection (4) of this section of the reversal of the conviction, judgment or order.

(c) The department is not required to destroy an item of physical evidence obtained from a blood or buccal sample if evidence relating to another person subject to the provisions of ORS 137.076, 161.325, 419A.260 and 419C.473 (1) and this section would thereby be destroyed. Notwithstanding this subsection, no sample, physical evidence or criminal identification record is affected by an order to set aside a conviction under ORS 137.225.

(9) As used in this section, “convicted” includes a juvenile court finding of jurisdiction based on ORS 419C.005.

SECTION 3. ORS 419C.473 is amended to read:

419C.473. (1) Whenever a youth offender has been found to be within the jurisdiction of the court under ORS 419C.005 for having committed an act that if done by an adult would constitute a felony listed in subsection (2) of this section, the court shall order the youth offender to submit to the obtaining of a blood or buccal sample in the manner provided by ORS 137.076. The court shall further
order that as soon as practicable after the entry of the dispositional order, the law enforcement
agency attending upon the court shall cause a blood or buccal sample to be obtained and transmit-
ted in accordance with ORS 137.076. The court may also order the youth offender to reimburse the
appropriate agency for the cost of obtaining and transmitting the blood or buccal sample.

(2) The felonies to which subsection (1) of this section applies are:
(a) Rape, sodomy, unlawful sexual penetration, sexual abuse in the first or second degree, public
indecency, incest or using a child in a display of sexually explicit conduct, as those offenses are
defined in ORS 163.355 to 163.427, 163.465 [(1)(c)] (1)(d), 163.525 and 163.670;
(b) Burglary in the second degree, as defined in ORS 164.215, when committed with intent to
commit any offense listed in paragraph (a) of this subsection;
(c) Promoting or compelling prostitution, as defined in ORS 167.012 and 167.017;
(d) Burglary in the first degree, as defined in ORS 164.225;
(e) Assault in the first degree, as defined in ORS 163.185;
(f) Conspiracy or attempt to commit any Class A or Class B felony listed in paragraphs (a) to
(e) of this subsection; or
(g) Murder or aggravated murder.

(3) No order for the obtaining and transmitting of a blood or buccal sample is required to be
entered if:
(a) The Department of State Police notifies the court or the law enforcement agency attending
upon the court that it has previously received an adequate blood or buccal sample taken from the
youth offender in accordance with this section, ORS 137.076 or 161.325 (4); or
(b) The court determines that obtaining a sample would create a substantial and unreasonable
risk to the health of the youth offender.

(4) Notwithstanding any other provision of law, blood and buccal samples and other physical
evidence and criminal identification information obtained under authority of this section or as a
result of analysis conducted pursuant to ORS 181A.155 may be maintained, stored, destroyed and
released to authorized persons or agencies under the conditions established in ORS 181A.155 and
rules adopted by the Department of State Police under the authority of that section.

(2) For purposes of ORS 163.465 (2)(b), prior convictions occurring before, on or after the
effective date of this 2019 Act.
