(b) Notwithstanding any contrary provision in a declaration or bylaws, a homeowners association may not initiate or intervene in litigation or administrative proceedings under subsection (1)(e)(E) of this section regarding a matter that results from a defect in, or damage arising from a defect in, common property or individually owned real property unless the association calls an owners' meeting for the purpose of determining whether the association may initiate or intervene in the litigation or administrative proceeding and receives approval from a majority of the lots voting at the meeting.

The notice of acceptance of the offer to participate in the program must contain the name, address and telephone number of the body administering the dispute resolution program.

(c) If a qualified dispute resolution program exists within the county in which the planned community is located and an offer to use the program is not made as required under paragraph (a) of this subsection, litigation or an administrative proceeding may be stayed for 30 days upon a motion of the noninitiating party. (q) Exercise all other powers that may be exercised in this state by any such association; and
(r) Exercise any other powers determined by the association to be necessary and proper for the

(5) Notwithstanding any contrary provision in a declaration or bylaws, an association
may not initiate or intervene in litigation or administrative proceedings under subsection
(4)(e) of this section regarding a matter that results from a defect in, or damage arising from
a defect in, common elements or units unless the association calls an owners’ meeting for
the purpose of determining whether the association may initiate or intervene in the litigation
or administrative proceeding and receives approval from a majority of the units voting at the
meeting. This subsection does not apply to a breach of warranty claim against a declarant
under ORS 100.185.

[(5)] (6) Subject to subsection [(6)] (7) of this section, unless expressly limited or prohibited by
the declaration, the association has the authority to grant, execute, acknowledge and deliver on
behalf of the unit owners leases, easements, rights of way, licenses and other similar interests af-
festing the general common elements and consent to vacation of roadways within and adjacent to
the condominium.

[(6)(a)(A)] (7)(a)(A) Except as provided in subparagraph (B) of this paragraph, the granting of
a lease, easement, right of way, license or other similar interest pursuant to subsection [(5)] (6) of
this section shall be first approved by at least 75 percent of owners present at a meeting of the as-
sociation or with the consent of at least 75 percent of all owners solicited by any means the board
of directors determines is reasonable. If a meeting is held to conduct the vote, the meeting notice
must include a statement that the approval of the grant will be an item of business on the agenda
of the meeting.

(B) Unless the declaration otherwise provides:

(i) The granting of a lease, easement, right of way, license or other similar interest affecting the
general common elements for a term of two years or less shall require the approval of a majority
of the board of directors.

(ii) The granting of a lease, easement, right of way, license or other similar interest affecting
the general common elements for a term of more than two years to a public body, as defined in ORS
174.109, or to a utility or a communications company for installation and maintenance of power, gas,
electric, water or other utility and communication lines and services requires the approval of a
majority of the board of directors.

(iii) The granting of a lease, easement, license or other similar interest to an owner for the ex-
clusive use of a part of the general common elements to which the owner’s unit provides primary
access requires the approval of a majority of the board of directors. If the approval by the board
of directors includes the right of the owner to make improvements to the general common elements
to which the owner is being granted exclusive use, ORS 100.535 applies to the general common el-
ements to the same extent that ORS 100.535 applies to a unit, including the right of the board under
ORS 100.535 to require an owner, at owner’s expense, to submit an opinion of a registered architect
or registered professional engineer that the proposed improvement will not impair the structural
integrity or mechanical systems of the condominium.

(b) Unless the declaration otherwise provides, the consent to vacation of roadways within and
adjacent to the condominium must be approved first by at least a majority of unit owners present
and voting at a meeting of the association or with consent of at least a majority of all owners so-
licted by any means the board of directors determines is reasonable. If a meeting is held to conduct
the vote, the meeting notice must include a statement that the roadway vacation will be an item
of business on the agenda of the meeting.

[(7)] (8) The instrument granting an interest or consent pursuant to subsection [(5)] (6) of this
section shall be executed by the chairperson and secretary of the association and acknowledged in
the manner provided for acknowledgment of such instruments by such officers and shall state that
such grant or consent was approved, if appropriate, by at least the percent of owners required under
subsection [(6)] (7) of this section.

[(8)(a)] (9)(a) Unless expressly prohibited by the declaration, any action permitted under subsections [(5) and] (6) and (7) of this section regarding a general common element may be taken with respect to any limited common element as provided in this subsection.

(b) Except as provided in paragraph (c) of this subsection, the easement, lease or other action under this section requires the approval or consent of the owner of the unit to which the use of the limited common element is reserved and the holder of a first mortgage or first trust deed affecting the unit. However, if the use of the limited common element is reserved for five or more units:

(A) When the action is for more than two years, the owners of 75 percent of the units to which the use of the limited common element is reserved must approve or consent.

(B) When the action is for two years or less, the owners of a majority of the units to which the use of the limited common element is reserved must approve or consent.

(c) The instrument granting an interest or consent under this section must:

(A) Be executed by the chairperson and secretary of the association and acknowledged in the manner provided for acknowledgment of the instruments by the officers.

(B) State that the grant or consent is given pursuant to this subsection.

(C) Include a certification by the chairperson and secretary that the action was approved by the owners in accordance with this subsection.

[(9)] (10) Except as otherwise provided in the association's declaration or bylaws, the board of directors of the association may modify, close, remove, eliminate or discontinue the use of a general common element facility or improvement or portion of the common element landscaping, regardless of whether such facility, improvement or landscaping is mentioned in the declaration or shown on the plat provided that:

(a) Nothing in this subsection shall be construed as limiting the authority of the board of directors, in its discretion, to seek approval of such modification, closure, removal, elimination or discontinuance by the unit owners; and

(b) Modification, closure, removal, elimination or discontinuance other than on a temporary basis of any swimming pool, spa or recreation or community building must be approved by at least a majority of the unit owners voting on such matter at a meeting or by written ballot held in accordance with the declaration, bylaws or ORS 100.425.

[(10)(a)] (11)(a) A permit or authorization issued by the board of directors pursuant to authority granted to the board under law, the declaration or the bylaws, may be recorded in the deed records of the county where the condominium is located. An instrument recorded under this subsection shall:

(A) Include the name of the condominium and a reference to where the declaration and any applicable supplemental declarations are recorded;

(B) Identify, by the designations stated in the declaration or applicable supplemental declaration, all affected units and common elements;

(C) Include such other information and signatures as may be required by law, under the declaration or bylaws or as the board of directors may desire; and

(D) Be executed by the chairperson and secretary of the association and acknowledged in the manner provided for acknowledgment of such instruments by the officers.

(b) The board of directors may record an amendment, modification, termination or other instrument relating to the permit or authorization described in this subsection. Any such instrument shall include a reference to the location of the recorded instrument and be executed by the chairperson and secretary of the association and acknowledged in the manner provided for acknowledgment of
such instruments.

[(11)(a)] (12)(a) Subject to paragraph (f) of this subsection, before initiating litigation or an administrative proceeding in which the association and an owner have an adversarial relationship, the party that intends to initiate litigation or an administrative proceeding shall offer to use any dispute resolution program available within the county in which the condominium is located that is in substantial compliance with the standards and guidelines adopted under ORS 36.175. The written offer must be hand-delivered or mailed by certified mail, return receipt requested, to the address, contained in the records of the association, for the other party.

(b) If the party receiving the offer does not accept the offer within 10 days after receipt by written notice hand-delivered or mailed by certified mail, return receipt requested, to the address, contained in the records of the association, for the other party, the initiating party may commence the litigation or the administrative proceeding. The notice of acceptance of the offer to participate in the program must contain the name, address and telephone number of the body administering the dispute resolution program.

(c) If a qualified dispute resolution program exists within the county in which the condominium is located and an offer to use the program is not made as required under paragraph (a) of this subsection, litigation or an administrative proceeding may be stayed for 30 days upon a motion of the noninitiating party. If the litigation or administrative action is stayed under this paragraph, both parties shall participate in the dispute resolution process.

SECTION 10. Section 11 of this 2019 Act is added to and made a part of ORS 701.560 to
701.595.

SECTION 11. (1) If the owner sending the notice of defect under ORS 701.565 is a home-
owners association or an association of unit owners:

(a) A written request under ORS 701.570 (2) for visual examination of a residence must
be sent not later than 30 days after the requesting contractor, subcontractor or supplier
receives a notice of defect or secondary notice.

(b) A written request under ORS 701.570 (3) to inspect a residence must be sent not later
than 30 days after the requesting contractor, subcontractor or supplier receives a notice of
defect or secondary notice.

(c) The contractor, subcontractor or supplier may have a technical or construction ex-
pert attend the inspection. However, the selection of the expert must be mutually agreed to
by the contractor, subcontractor or supplier and the owner or owner's representative. In
addition to the information described in ORS 701.570 (3), a request under ORS 701.570 (3)
must identify an expert acceptable to the contractor, subcontractor or supplier. If the owner
or owner's representative disapproves of the expert, the owner or owner's representative
shall give the contractor, subcontractor or supplier written notice of the disapproval and of
the identity of an expert acceptable to the owner or owner's representative. If the contrac-
tor, subcontractor or supplier disapproves of the expert identified by the owner or owner's
representative, the two identified and disapproved experts shall jointly select a third expert
to be the expert that attends the inspection. The contractor, subcontractor or supplier shall
include the identity of a selected expert in any advance notice that the contractor, subcon-
tractor or supplier sends under ORS 701.570 (4).

(d) The contractor, subcontractor or supplier shall send the owner a response to the
notice of defect not later than:

(A) Fourteen days after conducting an inspection of the residence under ORS 701.575 (3); or

(B) If no inspection of the residence is conducted under ORS 701.575 (3), not later than 90 days after the contractor, subcontractor or supplier receives a notice of defect or secondary notice.

(2) A response under subsection (1)(d) of this section must contain:

(a) An offer to cure the defect;

(b) An offer to pay an amount equal to the cost of curing the defect;

(c) An offer allowing the owner a choice between cure of the defect or an amount equal to the cost of curing the defect; or

(d) A statement that the contractor, subcontractor or supplier declines to pursue a cure in lieu of litigation.

(3) If the contractor, subcontractor or supplier does not send a timely response under subsection (1)(d) of this section, or if the response does not conform to subsection (2) of this section, the owner is excused from further compliance with this section.

(4) An owner may accept an offer contained in a written response under this section by delivering a written acceptance to the offering contractor, subcontractor or supplier within 30 days after receiving the offer. If an owner fails to accept an offer within 30 days after receipt, the offer is deemed rejected.

(5) If a response under subsection (2) of this section offers to pay an amount equal to the cost of curing the defect, the contractor, subcontractor or supplier shall have 30 days after sending the response to determine the payment amount. For purposes of subsection (4) of this section, the offer contained in the response is not complete until the owner receives the written determination by the contractor, subcontractor or supplier. If the owner wishes to accept an offer of payment, but disputes the amount, the parties may select a mediator to attempt resolution. If the parties cannot agree on a mediator after 45 days, they may request that the board administrator select a mediator.

(6) If an owner accepts payment of an amount equal to the cost of curing the defect, the owner must make a good faith effort to have a construction contractor correct the defect.

(7) If the owner accepts a contractor, subcontractor or supplier’s offer to perform remediation or to pay monetary compensation, completion of the remediation or payment satisfies the claims by the owner for those defects included in the offer for which remediation was performed or compensation paid, but not for any other defect. Except as provided in subsection (8) of this section, if the owner accepts an offer by a contractor, subcontractor or supplier that received a secondary notice, completion of the remediation or payment satisfies claims for those defects included in the offer for which remediation was performed or compensation paid, including claims by the owner and claims for contribution or indemnity against the contractor, subcontractor or supplier by the sender of the secondary notice, but not for any other defect.

(8) If the owner accepts an offer by a contractor, subcontractor or supplier that received a secondary notice to perform remediation or to pay monetary compensation and the contractor, subcontractor or supplier fails to perform in accordance with the accepted offer, then the sender of the secondary notice may perform the remediation or pay the monetary compensation offered by the nonperforming contractor, subcontractor or supplier.
(9) A response under subsection (2) of this section that is rejected by an owner is not admissible to establish contractor, subcontractor or supplier liability for a defect, or for damages arising out of a defect, in a subsequent arbitration or court action. If the contractor, subcontractor or supplier offers, as part of a response under subsection (2) of this section, an amount determined by the contractor, subcontractor or supplier to be equal to the cost of curing a defect, and the owner compels arbitration or commences a court action to recover the cost of curing the defect, notwithstanding ORCP 54 E:

(a) If the owner recovers an amount for the cost of curing the defect that is greater than the amount determined by the contractor, subcontractor or supplier and offered to the owner under ORS 701.580 (1), the court shall award the owner reasonable attorney fees; or

(b) If the owner recovers an amount for the cost of curing the defect that is equal to or less than the amount determined by the contractor, subcontractor or supplier and offered to the owner under ORS 701.580 (1), the court shall award the contractor, subcontractor or supplier reasonable attorney fees.

SECTION 12. The amendments to ORS 12.135 by section 1 of this 2019 Act apply to claims arising from construction, alteration or repair work performed on or after the effective date of this 2019 Act.

SECTION 13. Section 11 of this 2019 Act and the amendments to ORS 701.570 by section 6 of this 2019 Act apply to notices of construction defect sent by an owner on or after the effective date of this 2019 Act and to any resulting secondary notices.
