(3) Roads, highways and other transportation facilities and improvements not allowed under subsections (1) and (2) of this section may be established, subject to the approval of the governing body or its designee, in areas zoned for exclusive farm use subject to:

(a) Adoption of an exception to the goal related to agricultural lands and to any other applicable goal with which the facility or improvement does not comply; or

(b) ORS 215.296 for those uses identified by rule of the Land Conservation and Development Commission as provided in section 3, chapter 529, Oregon Laws 1993.

(4) The following agri-tourism and other commercial events or activities that are related to and supportive of agriculture may be established in any area zoned for exclusive farm use:

(a) A county may authorize a single agri-tourism or other commercial event or activity on a tract in a calendar year by an authorization that is personal to the applicant and is not transferred by, or transferable with, a conveyance of the tract, if the agri-tourism or other commercial event or activity meets any local standards that apply and:

(A) The agri-tourism or other commercial event or activity is incidental and subordinate to existing farm use on the tract;

(B) The duration of the agri-tourism or other commercial event or activity does not exceed 72 consecutive hours;

(C) The maximum attendance at the agri-tourism or other commercial event or activity does not exceed 500 people;

(D) The maximum number of motor vehicles parked at the site of the agri-tourism or other commercial event or activity does not exceed 250 vehicles;

(E) The agri-tourism or other commercial event or activity complies with ORS 215.296;

(F) The agri-tourism or other commercial event or activity occurs outdoors, in temporary structures, or in existing permitted structures, subject to health and fire and life safety requirements; and

(G) The agri-tourism or other commercial event or activity complies with conditions established for:

(i) Planned hours of operation;

(ii) Access, egress and parking;

(iii) A traffic management plan that identifies the projected number of vehicles and any anticipated use of public roads; and

(iv) Sanitation and solid waste.

(b) In the alternative to paragraphs (a) and (c) of this subsection, a county may authorize, through an expedited, single-event license, a single agri-tourism or other commercial event or activity on a tract in a calendar year by an expedited, single-event license that is personal to the applicant and is not transferred by, or transferable with, a conveyance of the tract. A decision concerning an expedited, single-event license is not a land use decision, as defined in ORS 197.015. To approve an expedited, single-event license, the governing body of a county or its designee must determine that the proposed agri-tourism or other commercial event or activity meets any local standards that apply, and the agri-tourism or other commercial event or activity:

- (A) Must be incidental and subordinate to existing farm use on the tract;
- (B) May not begin before 6 a.m. or end after 10 p.m.;
- (C) May not involve more than 100 attendees or 50 vehicles;
- (D) May not include the artificial amplification of music or voices before 8 a.m. or after 8 p.m.;
- (E) May not require or involve the construction or use of a new permanent structure in connection with the agri-tourism or other commercial event or activity;
- (F) Must be located on a tract of at least 10 acres unless the owners or residents of adjoining properties consent, in writing, to the location; and
- (G) Must comply with applicable health and fire and life safety requirements.

(c) In the alternative to paragraphs (a) and (b) of this subsection, a county may authorize up to six agri-tourism or other commercial events or activities on a tract in a calendar year by a limited use permit that is personal to the applicant and is not transferred by, or transferable with, a conveyance of the tract. The agri-tourism or other commercial events or activities must meet any local standards that apply, and the agri-tourism or other commercial events or activities:

- (A) Must be incidental and subordinate to existing farm use on the tract;
- (B) May not, individually, exceed a duration of 72 consecutive hours;
- (C) May not require that a new permanent structure be built, used or occupied in connection with the agri-tourism or other commercial events or activities;
- (D) Must comply with ORS 215.296;
- (E) May not, in combination with other agri-tourism or other commercial events or activities authorized in the area, materially alter the stability of the land use pattern in the area; and
- (F) Must comply with conditions established for:

- (i) The types of agri-tourism or other commercial events or activities that are authorized during each calendar year, including the number and duration of the agri-tourism or other commercial events and activities, the anticipated daily attendance and the hours of operation;
- (ii) The location of existing structures and the location of proposed temporary structures to be used in connection with the agri-tourism or other commercial events or activities;
- (iii) The location of access and egress and parking facilities to be used in connection with the agri-tourism or other commercial events or activities;
- (iv) Traffic management, including the projected number of vehicles and any anticipated use of public roads; and
- (v) Sanitation and solid waste.

(d) In addition to paragraphs (a) to (c) of this subsection, a county may authorize agri-tourism or other commercial events or activities that occur more frequently or for a longer period or that do not otherwise comply with paragraphs (a) to (c) of this subsection if the agri-tourism or other commercial events or activities comply with any local standards that apply and the agri-tourism or other commercial events or activities:

- (A) Are incidental and subordinate to existing commercial farm use of the tract and are necessary to support the commercial farm uses or the commercial agricultural enterprises in the area;
- (B) Comply with the requirements of paragraph (c)(C), (D), (E) and (F) of this subsection;
- (C) Occur on a lot or parcel that complies with the acknowledged minimum lot or parcel size; and
- (D) Do not exceed 18 events or activities in a calendar year.

(5) A holder of a permit authorized by a county under subsection (4)(d) of this section must request review of the permit at four-year intervals. Upon receipt of a request for review, the county shall:

- (a) Provide public notice and an opportunity for public comment as part of the review process; and
- (b) Limit its review to events and activities authorized by the permit, conformance with conditions of approval required by the permit and the standards established by subsection (4)(d) of this section.

(6) For the purposes of subsection (4) of this section:

(a) A county may authorize the use of temporary structures established in connection with the agri-tourism or other commercial events or activities authorized under subsection (4) of this section. However, the temporary structures must be removed at the end of the agri-tourism or other event or activity. The county may not approve an alteration to the land in connection with an agri-tourism or other commercial event or activity authorized under subsection (4) of this section, including, but not limited to, grading, filling or paving.

(b) The county may issue the limited use permits authorized by subsection (4)(c) of this section for two calendar years. When considering an application for renewal, the county shall ensure compliance with the provisions of subsection (4)(c) of this section, any local standards that apply and conditions that apply to the permit or to the agri-tourism or other commercial events or activities authorized by the permit.

(c) The authorizations provided by subsection (4) of this section are in addition to other authorizations that may be provided by law, except that “outdoor mass gathering” and “other gathering,” as those terms are used in ORS 197.015 (10)(d), do not include agri-tourism or other commercial events and activities.

**SECTION 8.** ORS 215.780 is amended to read:

215.780. (1) Except as provided in subsection (2) of this section, the following minimum lot or parcel sizes apply to all counties:

- (a) For land zoned for exclusive farm use and not designated rangeland, at least 80 acres;
- (b) For land zoned for exclusive farm use and designated rangeland, at least 160 acres; and
- (c) For land designated forestland, at least 80 acres.

(2) A county may adopt a lower minimum lot or parcel size than that described in subsection (1) of this section in any of the following circumstances:

(a) When the county can demonstrate to the Land Conservation and Development Commission that the county can adopt a lower minimum lot or parcel size while continuing to meet the requirements of ORS 215.243 and 527.630 and the land use planning goals adopted under ORS 197.230.

(b) To divide by partition an area of land zoned for forest use to create a parcel for a dwelling that has existed since before June 1, 1995, subject to the following requirements:

(A) The parcel created may not be larger than five acres, except as necessary to recognize physical factors such as roads or streams, in which case the parcel may not be larger than 10 acres; and

(B) The parcel that does not contain the dwelling is not entitled to a dwelling unless subsequently authorized by law or goal and the parcel either:

- (i) Meets the minimum lot or parcel size of the zone; or
- (ii) Is consolidated with another parcel, and together the parcels meet the minimum lot or parcel size of the zone.

(c) To divide by partition an area of land zoned for mixed farm and forest use to create a parcel for a dwelling that has existed since before June 1, 1995, subject to the following requirements:

(A) The parcel created may not be larger than five acres, except as necessary to recognize physical factors such as roads or streams, in which case the parcel may not be larger than 10 acres;

(B) The parcel that does not contain the dwelling is not entitled to a dwelling unless subsequently authorized by law or goal and the parcel either:

- (i) Meets the minimum lot or parcel size of the zone; or
- (ii) Is consolidated with another parcel, and together the parcels meet the minimum lot or parcel size of the zone;

(C) The minimum tract eligible under this paragraph is 40 acres;

(D) The tract must be predominantly in forest use and that portion in forest use qualified for special assessment under a program under ORS chapter 321; and

(E) The remainder of the tract does not qualify for any uses allowed under ORS 215.213 and 215.283 that are not allowed on forestland.

(d) To allow a division by partition of forestland to facilitate a forest practice as defined in ORS 527.620 that results in a parcel that does not meet the minimum area requirements of subsection (1)(c) of this section or paragraph (a) of this subsection. Parcels created pursuant to this subsection:

- (A) Are not eligible for siting of a new dwelling;
- (B) May not serve as the justification for the siting of a future dwelling on other lots or parcels;
- (C) May not, as a result of the land division, be used to justify redesignation or rezoning of resource lands; and
- (D) May not result in a parcel of less than 35 acres, unless the purpose of the land division is to:

- (i) Facilitate an exchange of lands involving a governmental agency; or
- (ii) Allow transactions in which at least one participant is a person with a cumulative ownership of at least 2,000 acres of forestland.

(e) To allow a division by partition of a lot or parcel zoned for forest use or mixed farm and forest use under a statewide planning goal protecting forestland if:

- (A) At least two dwellings lawfully existed on the lot or parcel prior to November 4, 1993;
- (B) Each dwelling complies with the criteria for a replacement dwelling under [ORS 215.213 (1)(q) or 215.283 (1)(p)] **section 2, chapter 462, Oregon Laws 2013**;
- (C) Except for one parcel, each parcel created under this paragraph is between two and five acres in size;
- (D) At least one dwelling is located on each parcel created under this paragraph; and
- (E) The landowner of a parcel created under this paragraph provides evidence that a restriction prohibiting the landowner and the landowner's successors in interest from further dividing the parcel has been recorded with the county clerk of the county in which the parcel is located. A restriction imposed under this paragraph is irrevocable unless a statement of release is signed by the county planning director of the county in which the parcel is located indicating that the comprehensive plan or land use regulations applicable to the parcel have been changed so that the parcel is no longer subject to statewide planning goals protecting forestland or unless the land division is subsequently authorized by law or by a change in a statewide planning goal for land zoned for forest use or mixed farm and forest use.

(f) To allow a proposed division of land in a forest zone or a mixed farm and forest zone as provided in ORS 215.783.

(3) A county planning director shall maintain a record of lots and parcels that do not qualify for division under the restrictions imposed under subsections (2)(e) and (4) of this section. The record must be readily available to the public.

(4) A lot or parcel may not be divided under subsection (2)(e) of this section if an existing dwelling on the lot or parcel was approved under:

- (a) A statute, an administrative rule or a land use regulation as defined in ORS 197.015 that required removal of the dwelling or that prohibited subsequent division of the lot or parcel; or
- (b) A farm use zone provision that allowed both farm and forest uses in a mixed farm and forest use zone under a statewide planning goal protecting forestland.

(5) A county with a minimum lot or parcel size acknowledged by the commission pursuant to ORS 197.251 after January 1, 1987, or acknowledged pursuant to periodic review requirements under ORS 197.628 to 197.651 that is smaller than those prescribed in subsection (1) of this section need not comply with subsection (2) of this section.

(6)(a) An applicant for the creation of a parcel pursuant to subsection (2)(b) and (c) of this section shall provide evidence that a restriction on the remaining parcel, not containing the dwelling, has been recorded with the county clerk of the county where the property is located. An applicant for the creation of a parcel pursuant to subsection (2)(d) of this section shall provide evidence that a restriction on the newly created parcel has been recorded with the county clerk of the county where the property is located. The restriction may not allow a dwelling unless authorized by law or goal on land zoned for forest use except as permitted under subsection (2) of this section.

(b) A restriction imposed under this subsection is irrevocable unless a statement of release is signed by the county planning director of the county where the property is located indicating that the comprehensive plan or land use regulations applicable to the property have been changed in such a manner that the parcel is no longer subject to statewide planning goals pertaining to agricultural land or forestland.

(c) The county planning director shall maintain a record of parcels that do not qualify for the siting of a new dwelling under restrictions imposed by this subsection. The record must be readily available to the public.

(7) A landowner allowed a land division under subsection (2) of this section shall sign a statement that must be recorded with the county clerk of the county in which the property is located, declaring that the landowner and the landowner's successors in interest will not in the future complain about accepted farming or forest practices on nearby lands devoted to farm or forest use.
