The department shall subtract from the estimate any increase solely attributable to a percentage increase, from 2020 to the current calendar year, in the Consumer Price Index for All Urban Consumers, West Region (All Items), as published by the Bureau of Labor Statistics of the United States Department of Labor. The estimate shall be expressed in a positive amount of dollars per gallon of fuel.

“(c) The Department of Transportation may contract with an independent third-party organization to assist in preparing the estimates required under this subsection.

“(2) Using the estimates prepared under subsection (1) of this section, the department shall develop a schedule that lists for each county the annual per capita credit amount available to each eligible person who is a resident of the county. The annual per capita credit amount available to an eligible person in a county shall be computed:

section 2 of this 2019 Act, for credits claimed on all types of personal income tax returns

“(7) The amounts authorized under this section shall be credited by the department out
of the Climate Action Reimbursement Fund established under section 5 of this 2019 Act and
in the manner of refund payments in excess of tax liability under ORS chapter 316. The de-

pay the credit.
“(8) Amounts received through a credit issued under this section are exempt from per-
sonal income taxation under Oregon law.
“(9) Credits allowed under this section do not bear interest.

SECTION 4. Except as otherwise provided in section 3 of this 2019 Act, or where context
