On page 1 of the printed bill, delete lines 26 and 27 and delete page 2.
On page 3, delete lines 1 and 2 and insert:

"SECTION 2. (1) As used in this section, the terms 'electronic record,' 'electronic signature' and 'governmental agency' have the meanings given those terms in ORS 84.004.

(2) Each governmental agency of this state shall develop and implement a plan for the use of electronic records and electronic signatures in an effort to digitize government processes and work flows and to promote the use of intuitive and adaptive electronic forms.

(3) Each governmental agency of this state shall develop and implement a website modernization plan detailing improvements to the governance of digital services, including modernizing websites and enhancing the use of data analytics. Each governmental agency website modernization plan must:

(a) Demonstrate plans for the effective delivery of digital services and the utilization of data analytics and related tools to determine user goals, needs and behaviors.

(b) Include plans to ensure the effective rendering of all publicly facing websites on mobile devices.

(c) Include plans to increase the use of data analytics to improve website operation and enhance digital service delivery.

(d) Be posted on the agency's publicly facing websites.

(4) The State Chief Information Officer may adopt any rules necessary for implementation of this section.

"SEC. 2. Section 2 of this 2019 Act is amended to read:

Sec. 2. (1) As used in this section, the terms 'electronic record,' 'electronic signature' and 'governmental agency' have the meanings given those terms in ORS 84.004.

(2) Each governmental agency of this state shall ensure that each of its websites intended for use by the public is:

(a) Effectively renderable on mobile devices; and

(b) Accessible for persons with disabilities.

(3) Each governmental agency of this state shall develop and implement a plan for the use of electronic records and electronic signatures in an effort to digitize government processes and work flows and to promote the use of intuitive and adaptive electronic forms.

(4) Each governmental agency of this state shall develop and implement a website modernization plan detailing improvements to the governance of digital services, including modernizing websites and enhancing the use of data analytics. Each governmental agency website modernization plan must:

(a) Demonstrate plans for the effective delivery of digital services and the utilization of data
analytics and related tools to determine user goals, needs and behaviors.

“(b) Include plans to ensure the **continuation of** effective rendering of all publicly facing websites on mobile devices.

“(c) Include plans to increase the use of data analytics to improve website operation and enhance digital service delivery.

“(d) Be posted on the agency’s publicly facing websites.

“(d) The State Chief Information Officer may adopt any rules necessary for implementation of this section.

“SECTION 4. The amendments to ORS 84.052 by section 1 of this 2019 Act apply to any electronic record or electronic signature created, generated, sent, communicated, received or stored on or after July 1, 2020.

“SECTION 5. Each governmental agency of this state shall submit the plans described in section 2 (2) and (3) of this 2019 Act to the State Chief Information Officer and the appropriate committee or interim committee of the Legislative Assembly no later than September 15, 2020.”.
