"SECTION 1. Section 2 of this 2019 Act is added to and made a part of ORS chapter 471.

"SECTION 2. (1) As used in this section, ‘American viticultural area’ means a delimited grape growing region approved under 27 C.F.R. part 9.

“(2) If the appellation of origin on a wine label is an American viticultural area that is wholly or partially within the boundaries of a larger American viticultural area, the Oregon Liquor Control Commission may require that the wine label also identify the larger American viticultural area. If the commission requires that the wine label identify the larger American viticultural area, the area must be identified in letters:

“(a) At least two millimeters high if the wine container is more than 187 milliliters in volume; or

“(b) At least one millimeter high if the wine container is 187 milliliters or less in volume.

“(3) Subsection (2) of this section does not require that the name of the larger American viticultural area:

“(a) Be included in or near the appellation of origin; or

“(b) Be in the same size or font as the appellation of origin.

“(4) The commission shall adopt rules specifying any American viticultural areas for which the wine labeling requirement in subsection (2) of this section is applicable. The commission shall, at a minimum, adopt rules to require American viticultural areas that are wholly or partially within the boundaries of the Willamette Valley viticultural area to identify the Willamette Valley viticultural area on the label. For all other areas, the commission shall solicit and consider recommendations by Oregon winemaking industry associations that are associated with an American viticultural area before determining whether the area should be included for purposes of the wine labeling requirement in subsection (2) of this section.

“(5) Except as provided in this subsection, an American viticultural area may not appear on a wine label in a manner that resembles all or part of a brand name or appear in lettering that is larger or more prominent than the brand name. This subsection does not apply if the brand name stating or implying an American viticultural area has been in continuous use as a brand name since December 31, 2017, and prior to December 31, 2017, was:

“(a) Used in conformance with commission standards;

“(b) Subject to a federal trademark registration for wine under United States Patent and Trademark Office Class 33; and

“(c) Sold in interstate commerce.

“(6) The commission may adopt rules to impose additional wine labeling requirements
that the commission deems appropriate. The commission may make a wine labeling require-
ment applicable to wines produced in some or all of the American viticultural areas in
this state.

SECTION 3. (1) The Oregon Liquor Control Commission shall appoint an advisory com-
mittee to assist the commission in developing rules to carry out section 2 of this 2019 Act.
The commission shall ensure that members of the advisory committee are persons having
expertise in the production and labeling of Oregon wines. To the extent practicable, the
commission shall appoint advisory committee members from the various wine grape growing
areas of this state in proportion to the relative acreage in those areas used for wine grape
production. In making appointments to the advisory committee the commission shall con-
sider nominees of winemaking industry associations or other organizations related to the
winemaking industry.

(2) The duties of the advisory committee may include making recommendations re-
garding the labeling of wine and shall include, at a minimum, developing recommendations
to the commission regarding:

(a) Subject to subsection (3) of this section, American viticultural areas that should be
included for purposes of the wine labeling requirement described in section 2 (2) of this 2019
Act, including but not limited to recommendations regarding any American viticultural areas
in this state that extend across state lines;

(b) Standards for a winery to request, and for the commission to approve, the use of
existing stocks of labels; and

(c) A penalty schedule for violations of section 2 of this 2019 Act.

(3) The advisory committee shall solicit and consider recommendations by Oregon
winemaking industry associations associated with an American viticultural area before the
advisory committee may recommend to the commission that an American viticultural area
be included for purposes of the wine labeling requirement described in section 2 (2) of this
2019 Act.

SECTION 4. The Oregon Liquor Control Commission shall adopt rules establishing a
penalty schedule for violations of section 2 of this 2019 Act. The commission shall complete
the adoption of an initial penalty schedule under this section in time for the penalties to take
effect on January 1, 2023.

SECTION 5. The Oregon Liquor Control Commission shall report to an interim com-
mittee of the Legislative Assembly relating to business, in the manner provided under ORS
192.245, no later than September 15, 2020, regarding the recommendations made by the advisory
committee described in section 3 of this 2019 Act and the status of commission rule
adoption proceedings under sections 2 and 4 of this 2019 Act.

SECTION 6. Section 2 of this 2019 Act becomes operative on January 1, 2023, and applies
to wine labeled on or after January 1, 2023.

SECTION 7. Section 3 of this 2019 Act is repealed on January 2, 2024.

SECTION 8. Section 4 of this 2019 Act is repealed on January 2, 2024. The repeal of
section 4 of this 2019 Act by this section does not affect the validity of any rules adopted
under section 4 of this 2019 Act.

SECTION 9. This 2019 Act takes effect on the 91st day after the date on which the 2019
regular session of the Eightieth Legislative Assembly adjourns sine die.”.
