8 to a chemical test of the person's breath, or of the person's blood if the person is receiving medical
9 care in a health care facility immediately after a motor vehicle accident, for the purpose of deter-
10 mining the alcoholic content of the person's blood if the person is arrested for driving a motor ve-

12 ordinance. A test shall be administered upon the request of a police officer having reasonable

14 in violation of ORS 813.010 or of a municipal ordinance. Before the test is administered the person
15 requested to take the test shall be informed of consequences and rights as described under ORS
16 813.130.

17 *[(2) No chemical test of the person's breath or blood shall be given, under subsection (1) of this*
18 *section, to a person under arrest for driving a motor vehicle while under the influence of intoxicants*
19 *in violation of ORS 813.010 or of a municipal ordinance, if the person refuses the request of a police*

21 *described under ORS 813.130.]*

22 *[(3)]* **(2)** If a person refuses to *[take]* **submit to** a test under this section or if a breath test under
23 this section discloses that the person, at the time of the test, had a level of alcohol in the person's
24 blood that constitutes being under the influence of intoxicating liquor under ORS 813.300 **and the**
25 **person has been informed of rights and consequences as provided under ORS 813.130**, the
26 person's driving privileges are subject to suspension under ORS 813.410 and the police officer shall
27 do all of the following:

NOTE: Matter in **boldfaced** type in an amended section is new; matter *[italic and bracketed]* is existing law to be omitted.

13 a level of alcohol in the person's blood that constitutes being under the influence of intoxicating
14 liquor under ORS 813.300, the person's driving privileges are subject to suspension under ORS
15 813.410 and the police officer shall report to the department within 45 days of the date of arrest that
16 the person failed the blood test.

17 [(5)] (4) Nothing in this section precludes a police officer from obtaining a chemical test of the
18 person's breath or blood through any lawful means for use as evidence in a criminal or civil pro-
19 ceeding including, but not limited to, obtaining a search warrant.

20 **SECTION 2.** ORS 813.130 is amended to read:

42 813.131. (1) A person may be asked to provide a urine sample under ORS 813.140 or sub-

45 highways of this state shall be deemed to have given consent, subject to the Motorist Implied Con-

1 sent Law, to a chemical test of the person's urine for the purpose of determining the presence of
2 cannabis, a controlled substance or an inhalant in the person's body if the person is arrested for
3 driving while under the influence of intoxicants in violation of ORS 813.010 or of a municipal ordi-

5 (a) The person takes the breath test described in ORS 813.100 and the test discloses a blood
6 alcohol content of less than 0.08 percent; or

7 (b) The person is involved in an accident resulting in injury or property damage. A urine test
8 may be requested under this paragraph regardless of whether a breath test has been requested and
9 regardless of the results of a breath test, if one is taken.

10 [(2)] (3) A police officer may not request a urine test unless the officer is certified by the De-
11 partment of Public Safety Standards and Training as having completed at least eight hours of
12 training in recognition of drug impaired driving and the officer has a reasonable suspicion that the
13 person arrested has been driving while under the influence of cannabis, a controlled substance, an
14 inhalant or any combination of cannabis, a controlled substance, an inhalant and intoxicating liquor.

15 [(3)] (4) A person asked to give a urine sample shall be given privacy and may not be observed
16 by a police officer when producing the sample.

17 [(4)(a)] (5)(a) At the trial of any civil or criminal action, suit or proceeding arising out of the
18 acts committed by a person driving a motor vehicle while under the influence of intoxicants, a valid
19 chemical analysis of a person's urine is admissible as evidence and may be used with other evidence,
20 if any, to determine whether the person was driving while under the influence of intoxicants.

21 (b) A chemical analysis of a person's urine is valid [*under this subsection*] if analysis is per-
22 formed in an accredited or licensed toxicology laboratory.

23 **SECTION 4.** ORS 813.132 is amended to read:

24 813.132. (1) Except as otherwise provided in this section, a refusal to [*take*] **submit to** a urine
25 test requested under ORS 813.131 shall be treated for all purposes as a refusal to [*take*] **submit to**
26 a breath test. A suspension imposed for refusal to [*take*] **submit to** a urine test **under ORS 813.131**
27 **(2)** shall be consecutive to any other suspension imposed under the Motorist Implied Consent Law.
28 If a person is subject to consecutive suspensions, the length of time that must elapse before the
29 Department of Transportation may reinstate driving privileges or issue a hardship permit under ORS
30 813.520 shall be doubled.

31 (2) [*Before any test of urine may be administered*] **If a person refuses to submit to a urine test**
32 **under ORS 813.131 (2)**, in addition to information described in ORS 813.130, the person asked to take
33 the test shall be informed that if the person refuses **to submit to** the test, the person's driving
34 privileges will be suspended for the same time period and with the same consequences as if the
35 person had refused **to submit to** the breath test and that a suspension for refusal [*of*] **to submit**
36 **to** the urine test will be consecutive to any other suspension under the Motorist Implied Consent
37 Law.

38 (3) Notwithstanding subsection (1) of this section, no suspension of driving privileges shall be
39 imposed for refusal to [*provide a urine sample*] **submit to a urine test** if the person provides doc-
40 umentation from a physician licensed by this state showing that the person has a medical condition
41 that makes it impossible for the person to provide a sample.

42 **SECTION 5.** ORS 813.135 is amended to read:

43 813.135. Any person who operates a vehicle upon premises open to the public or the highways
44 of the state shall be deemed to have given consent to submit to field sobriety tests upon the request
45 of a police officer for the purpose of determining if the person is under the influence of intoxicants

1 if the police officer reasonably suspects that the person has committed the offense of driving while
2 under the influence of intoxicants in violation of ORS 813.010 or a municipal ordinance. *[Before the*
3 *tests are administered, the person requested to take the tests shall be informed of the consequences of*
4 *refusing to take or failing to submit to the tests under ORS 813.136]* **If the person refuses to con-**
5 **sent to field sobriety tests, the person shall be asked to provide only physical cooperation to**
6 **submit to nontestimonial field sobriety tests, and the person shall be informed of the con-**
7 **sequences of failing to physically submit to those tests under ORS 813.136.**

8 **SECTION 6.** ORS 813.136 is amended to read:

9 813.136. If a person refuses or fails to **physically** submit to field sobriety tests as required by
10 ORS 813.135 **after the person has been informed of the consequences of refusing to submit,**
11 evidence of the person's refusal or failure to **physically** submit is admissible in any criminal or civil
12 action or proceeding arising out of allegations that the person was driving while under the influence
13 of intoxicants.

14 **SECTION 7.** ORS 813.140 is amended to read:

15 813.140. Nothing in ORS 813.100, **813.131 or 813.132** is intended to preclude the administration
16 of a chemical test described in this section. A police officer may obtain a chemical test of the breath
17 or blood to determine the amount of alcohol in any person's blood or a test of the person's blood
18 or urine, or both, to determine the presence of cannabis, a controlled substance or an inhalant in
19 the person as provided in the following:

20 (1) If, when requested by a police officer, the person expressly consents to such a test.

21 (2) Notwithstanding subsection (1) of this section, from a person without the person's consent
22 if:

27 expressly consenting to the test or tests requested.

28 **SECTION 8.** ORS 813.310 is amended to read:

29 813.310. If a person refuses to **physically** submit to a chemical test under ORS 813.100 **or**
30 **813.131** *[or refuses to consent to chemical tests under ORS 813.140]*, evidence of the person's refusal
31 is admissible in any civil or criminal action, suit or proceeding arising out of acts alleged to have
32 been committed while the person was driving a motor vehicle on premises open to the public or the
33 highways while under the influence of intoxicants.

34 **SECTION 9.** ORS 813.320 is amended to read:

35 813.320. (1) The provisions of the implied consent law, except ORS 813.300, shall not be con-
36 strued by any court to limit the introduction of otherwise competent, relevant evidence in any civil
