

The US Supreme Court has ruled that forcing people to render their self defense firearms useless is unconstitutional, it is also very dangerous.

With the decrease in police and sheriff departments, it is imperative that law abiding gun owners have the means to protect themselves. This bill penalizes the law abiding gun owners by restricting access to their own firearms in case of an emergency! We are not the criminals!!

I urge you to do everything in your power to kill HB 4005.

Sincerely,

Nancy Hopkins
