

Your bill HB 405 will do little if anything to make the citizens of Oregon safer but what would be helpful is enforcing the existing laws we have. I read almost weekly where someone is arrested for using a firearm illegally and yet the courts seem to do little to prosecute these cases you the fullest extent they can. ANYONE regardless of color or race using a gun in a crime should automatically be sentenced to 5 years or more . DON'T keep going after responsible gun owners. If our courts would stop releasing criminals they might not be breaking into homes and stealing guns.
