Dear Legislator,

I am writing to you on behalf of my 6 grandchildren to ask you to help pass strong climate legislation in Oregon. With all the climate related disasters we have been facing these past years (wild fires, global warming, flooding, etc...), I feel strongly that these issues need to be addressed now, before it is too late.

I want to leave a livable world to my grandchildren. I want them to be able to enjoy nature as I have done in my life and live in comfortable climatic conditions.

Oregon's landscapes are breathtaking and I want to preserve them.

Please do what you can to salvage what we have left. I thank you for your consideration.

Respectfully,

Christine Pallier, NE Portland
