Subject: Concerned in Rural oregon: Why are we left out of SB1530?
Date: Friday, January 31, 2020 7:43:52 AM

Hello Committee Member.

Rural Oregon already suffers from being somewhat isolated from funding streams that support transportation and infrastructure. Now that we are not included in SB1530 Reinvestment, this worsens this inequity.

Please include Rural Counties in the Bill. This situation only worsens the rural urban divide.

Thank you
