

To Whom It May Concern,

I am Jenna Sneva-Pike. I help pass Jenna's Law for which the law was named after me. I truly believe this law needs support and needs to be passed.

I am writing in support of HB4140. I believe this could make a difference in our youths lives. Just like any injury, our youth should have immediate care, support and accommodations. Especially in the school where they spend a lot of their time. And sense it has to do with their brain, they need the support and accommodation to heal and still succeed in school to set them up for their future. The future of our kids depends on this.

Thank you so much for your time and consideration,
Jenna Sneva-Pike
