Dear House Judiciary Committee,

We are writing in support of the Crown Act portion of HB 4107. We believe this legislation is important to pass for these 3 reasons:

1. White women are allowed to wear their natural hair to work, and our hair shouldn't be treated any different.
2. We shouldn't have to assimilate our hair to fit in to our own country.
3. Our natural hair is beautiful. (Periodt)

Thank you for your consideration of this very important bill.

Sincerely,
