Re: Hearing on Mon. Feb. 3rd 2020

As resident of an Assistant Living village, I am aware of several other women residents in need of assisted living, but able and need to hold part time jobs to afford live here.

Women haven't historically earned as much as men. and often need to be gainfully employed beyond retirement age. Please establish a policy to deter age discrimination in employment.

Yours respectfully,

Juanita Price, Clatsop Retirement Village, Astoria
