

# HOUSING ALLIANCE

February 4, 2020

Senate Committee on Housing and Development  
Oregon State Legislature  
900 Court Street NE  
Salem, OR 97301

Dear Chair Fagan, Vice-Chair Heard, Members of the Committee:

I am writing to you today on behalf of the Oregon Housing Alliance to express our strong support for SB 1534, which will again allow Oregon Labor and Industries to support Oregonians who have experienced housing discrimination.

The Oregon Housing Alliance is a coalition of ninety organizations from all parts of the state. Our members have come together with the knowledge that housing opportunity is the foundation on which all of our success is built – individual success as students, parents, workers, and community members as well as the success of our communities. We represent a diverse set of voices including non-profit housing developers, residents of affordable housing, local jurisdictions, and organizations working to meet basic needs in every corner of our state. We believe that all Oregonians need a safe, stable, and affordable place to call home.

Today, we know that too many Oregonians experience housing discrimination – whether a landlord refuses to rent to someone because they have children, because they are a person of color or identify as a member of the LGBTQ community, or because they pay their rent with a Housing Choice voucher. We know, as you do, that housing discrimination has a long history in Oregon, and it is important that we do all we can to stop this type of discrimination and support all people to access a safe, and stable home, free from discrimination.

We are thrilled that Commissioner Hoyle and Oregon Labor and Industries are asking for your help to once again make Oregon fair housing law “substantially equivalent” to federal law. Reinstating Oregon’s relationship with the U.S. Department of Housing and Urban Development would allow the state to access additional resources to enforce fair housing law on behalf of Oregonians. We urge your support for SB 1534.

We know the impact discrimination can have on our most vulnerable community members, denying them access to opportunity in their communities or the right to safe and stable housing. When people have equal access to safe and stable housing, free from discrimination, they realize important and significant benefits. Families and communities thrive when everyone has access to opportunity.

Thank you very much for your time, and for your service to our state.

Sincerely,
