

Dear Chair Doherty and Members of the Committee,

As a parent, I oppose this bill because both OHA and public schools are becoming something voters never intended. I regret that the ACA and electronic medical records are being used to create state powers that infringe upon our freedoms. The public schools have become an 800-lb gorilla in politics, and the OHA is a cat's paw for out-of-state interests intent on depriving us of our medical freedom.

Besides, it is like using a shot-gun on a housefly. All this collected data is likely to only result in expensive reports. State legislatures need to focus on empowering parents, not replacing them with bureaucrats.

Regards,
Peggy Hirsch
