Hi. Hope all is well.. I 1000% oppose cap and trade.. I consider this a globalist agenda for wealth distribution.. and I am 1000% against any new gun control laws.. I consider that an infringement on my right to defend myself. I do not appreciate all the propaganda and drugs and shanigans and crime on the streets either..get real. The good hard working people of Oregon deserve better! For the love of god. please work with us and not against us. It doesn't have to be this way..more pending.. peace
