Subject: I Support Strong Climate Action
Date: Monday, February 3, 2020 8:06:37 PM

Dear Energy & Natural Resources Interim Committee,

I am a recent college graduate and current farm hand from central Oregon. I support a strong cap and invest policy that will work towards eliminating carbon emissions to meet IPCC goals and and re-invest money from the carbon fees into creating sustainable jobs and helping frontline communities.

Please pass a **STRONG** clean energy jobs bill.

Sincerely,
Nora Faye
