BACKGROUND:

House Bill 4005 (2018) established the Joint Interim Task Force On Fair Pricing of Prescription Drugs (Task Force). The Task Force included representation from pharmaceutical manufacturers, insurers, pharmacy benefit managers, prescription drug wholesalers, independent pharmacies, large retail pharmacy chains, hospitals, biopharmaceutical companies, coordinated care organizations, medical providers, and state agencies. Charged with developing a strategy to create transparency for drug prices across the entire supply chain of pharmaceutical products, the Task Force delivered its final report in October 2018 with 14 recommendations. Senate Bill 872 (2019) proposed to implement the recommendations of the Task Force.

Senate Bill 1535 extends the sunset of the Task Force and clarifies its responsibilities.
