Establishes Local Government Emergency Management Advisory Council to advise the Oregon Department of Emergency Management. Establishes Task Force on Emergency Management Restructuring.

**BACKGROUND:**

The Oregon Office of Emergency Management (OEM) exists within the Oregon Military Department with the mission to lead collaborative state-wide efforts, inclusive of all partners and the communities the serve, to ensure capability to provide aid and assistance in an emergency and protect, mitigate, prepared for, respond to, and recover from emergencies or disasters regardless of cause.

The Oregon State Fire Marshal (OSFM) exists within the Oregon State Police Agency with the mission to protect citizens, their property, and the environment from fire and hazardous materials.

House Bill 4041 removes OEM and OSFM from their parent agencies and establishes them as distinct departments within the Oregon Executive Branch. The bill also establishes two advisory councils designed to provide advice and recommendations relating to emergency preparedness and response functions.
