---

Honorable Representatives,

Please vote No on HB4121

This bill prohibits the Northern Oregon Regional Correctional Facility from contracting with Federal Immigration and Customs Enforcement, by appropriating \$1.64 million this biennium to make up for the loss of revenue.

**Fiscal Responsibility**

Appropriates \$1.64 million this biennium to make up for the loss of revenue – paying counties to not house prisoners. Not cooperating or coordinating with ICE only means prisoners will be transported out of state and taxpayers will make up for the lost funds.

**Limited Government**

A judge has already ruled that this arrangement does not violate the state sanctuary law.

**Local Control**

The state is interfering with a county contract.

Thank you!

Janice Dysinger

Gresham, Oregon
