

Please vote no on HB 4005

This bill does not help the problem you are trying to solve.

Most guns are owned by legal law abiding people.

You are trying to stop criminals. This bill punishes a legal gun owner even if you *DO* lock up firearms.

It penalizes gun owners if their firearms are stolen, it does *nothing* to penalize gun thieves.

There are already laws to penalize thieves. Enforce them please.

What will happen to youth shooting programs, this bill will not allow them to go on? How will we defend ourselves when the mode of defense is locked up? This is NOT a good bill, please vote no on HB 4005.
