I am writing to you to ask you to kill the SB1530 bill.

I know it's not about the environment, because your committee has received from expert witnesses testimony that unequivocally states that there can be no meaningful change in climate due to the bill's actions. So, it must be about the money.

After reasearching the contributions to the members of the Dem's Senate caucus, it is clear that SB1530, and those who promote it, want to rob every Oregonian to enrich themselves and cover up the sources and profits gained off of our wallets. Why do you want to rob your neighbor, be complicit in the breaking of Oregon's entire population?

Please let the bill die in committee.

Regards,
Karen Darnell
