

I'm writing my testimony AGAINST this bill !

I'm a domestic violence survivor and I was one of them that had to have a order of protection against my ex husband, those are mainly just pieces of paper! He violated that order 4 times and was given a slap on the hand each time !

I was one of the lucky ones and so were my 3 children! I've earned my right as a citizen of Oregon and I'm a law abiding citizen that takes my constitutional rights very seriously and I believe that everyone of the legislature your asking to pass this bill took that same oath to uphold everyones constitutional rights!! Carrying my firearm is what keeps me and everyone around me safe , my rights shall not be infringed!!
