

As a constituent, I ask that you please OPPOSE House Bill 4005 when session convenes.

This bill does nothing to combat crime or promote public safety. Instead, they restrict my right to self-defense as a law-abiding citizen. We know that criminals don't obey the laws, so how can we believe that passing this measure to restrict my rights will do anything to reduce crime? Focus on criminals, not law-abiding citizens like me.

Again, as a constituent, I ask that you support my constitutional rights and OPPOSE House Bills 4005 and. Thank you
