

. . .I am now responsible for two years if the vetted firearm receiver does something wrong with the firearm. A fortune teller I ain't, so there must be some other reason. Bill 4005 needs to be voted down.

I obey the law, but a crook who steals my gun and commits a crime is not punished -- I am.

A kid who lives in a rural area but has experience with firearms obeys the law, but now cannot now defend himself.

The innocent penalized, the guilty go free. Many of crime perpetrators are never caught.

They don't register their stolen goods.

Thanks for doing the right thing!

Vote Bill 4005 down!
