Analysis:

This fiscal impact statement is for the purpose of transmitting the measure from the Senate Committee on Finance and Revenue to the Joint Committee on Ways and Means.

The measure would establish rates of compensation for a distillery retail outlet agent for retail sales of distilled liquor. The Oregon Liquor Control Commission would be required to pay such an agent 45 percent of the retail price set by the commission for the first \$250,000 of annual total combined retail sales from all distillery retail outlet agent tasting locations operated by the distillery licensee, or 17 percent of the retail price set by the commission for all other distilled liquor retail sales by the agent. The measure would apply to distilled liquor retail sales made by a distillery retail agent on or after the measure’s effective date.

The measure is anticipated to have an impact on Cities, Counties, and the Oregon Liquor Control Commission.

A more complete fiscal analysis on the measure will be prepared as the measure is considered in the Joint Committee on Ways and Means.
