

I believe in the constitution & its freedoms it offers to all americans..we are entitled to carry & bear arms based on the 2nd amendment. A free people is what our constitution offers the 2nd amendment enables a free people to protect themselves & their families & any1 in need of assistance due to so many reasons..I'm not sure why you folks are trying to control this aspect when its clear we are to protect our selves from domestic & foreign enemies. No one should be banning guns at all in fact people should be encouraged to learn how to responsibly carry & shoot any weapons. This I believe will take the fear out of using a gun or any weapon.

The 2nd amendment

A well regulated militia, being necessary to the security of a free state. The right of the people to keep & bear arms, shall not be infringed.

Thank you for reading may GOD richly bless our nation our republic our freedoms afforded to us by the God of the bible...our constitution is our document that enables a free people to live freely & safely under this republic...
